

## PERFECT GAME SHOT 2 WEEKS AFTER INSTALLATION OF ANVILANE PROLANE

**TORONTO**, Ontario July 30, 2002 – Only 2 weeks after the installation of Brunswick Anvilane Prolane and a new Phoenix lane machine, Cataract Lanes in Niagara Falls, Ontario was home to its first perfect 300 game since the installation. 23-year-old Tom White of the Tuesday Summer Doubles league rolled the perfect game in early July. Tom used a Brunswick Battle Zone to accomplish this feat.

Cataract Lanes owner Chris Biamonte purchased the 30 lanes of Prolane earlier this year and had them installed in June. This is a definite testament to the scorability of the lane that has become the most popular surface since the introduction of Anvilane 10 years ago.
